(C) = Can be satisfied through a specific credit-by-exam; see www.broward.edu/ctl
(I) = Satisfies the International/Intercultural requirement (W) = Satisfies Writing requirement
Broward College does not discriminate on the basis of race, color, ethnicity, genetic information, national origin, marital status, sex, disability, or age in its programs and activities.
PROGRAM ELECTIVES (24 Credits)

Elettes may include any combination of college-level courses recommended/required for a discipline major and/or courses from the General Education offerings in Communications, Humanities, Mathematics, Natural Science, Social and Behavioral Sciences & General Education area 6. Excluded are college preparatory courses and courses designed especially for technical education curricula. When choosing electives, students should give careful attention to their major field of study and to the requirements of the institution to which they plan to transfer. Certain technical/occupational courses can be used to satisfy this area requirement. Please consult with an academic advisor.

UNDERSTANDING THE GRADUATION REQUIREMENTS

WRITING REQUIREMENT (W) (4 courses)

In keeping with the Gordon Rule, all students must take ENC1101, ENC1102, and two additional writing credit courses (6 additional credits) to graduate with the AA. In each of these courses, a variety of assignments relevant to the content of the course may be made. Students must achieve a grade of "C" or higher in the courses to satisfy the writing requirement. Students must be eligible for ENC1101 to enroll in designated writing credit courses. Some students who were enrolled in an accredited college or university prior to January 1, 1983, may be exempt from the Writing Requirement. Please consult with an academic advisor.

MATH COMPETENCY (6 credits)

To satisfy the mathematics competency for graduation, students will need to successfully complete six (6) credits of college-level math courses with a "C" or higher. This can be accomplished by satisfying either of the following options:

1. Successfully complete any two of the following Area 5 math courses: MAC1105, STA2023, MGF1106, MGF1107, MAC1140, MAC1140C, MAC2233, and MAC2311.
   - Students may complete MAC1105C in place of MAC1105. Students may not receive credit for both MAC1105 and MAC1105C.
   - Students may complete MAC1147 in place of MAC1114 AND MAC1140. In this case, completion of a second math course at or above the level of MAC1105 would be necessary to satisfy graduation requirements for mathematics. Students with credit for MAC1147 may not receive credit for either MAC1140 or MAC1114.

2. Successfully complete any one Area 5 math course and any one course from the list below: MAC2312, MAC2313, MAP2302, MAD2104, and MAS2103.
   - Note that passing an exam (CLEP, AP, IB, etc.) that awards credit for any of the math courses listed above is considered successful completion of that course. Courses successfully completed at other institutions that are not directly equivalent to the college-level math courses listed above may be used to satisfy the Math competency if the course is determined by the Mathematics Department to contain sufficient college-level math content.

INTERNATIONAL/INTERCULTURAL (I) (1 course)

NOTE: Of the 36-credit General Education requirements, three credits must be earned in an approved International/Intercultural course.

CIVIC LITERACY

Prior to the awarding of an associate in arts, first-time-in-college students entering a Florida College System institution in the 2018-19 school year and later must demonstrate competency in civic literacy through one of the following options:

1. successfully passing either POS 2041 American Government or AMH 2020 Introductory Survey Since 1877
2. achieving the standard score on one of the following assessments: AP Government and Politics: United States — Standard Score of 3 or higher; AP United States History — Standard Score of 4 or higher; or CLEP: American Government — Standard Score of 50 or higher.

DIGITAL LITERACY

It is recommended that students fulfill the digital literacy requirement within the first 15 credit hours of enrollment at BC by (1) successfully completing the CGS1060C course or by (2) passing an approved computer competency test (IC3, SAM, OR CSP) or by (3) credit-by-exam option (Cambridge, AICE, DSST, CLEP or AP) or by (4) earning credit for prior learning (see college website).

FOREIGN LANGUAGE COMPETENCY

Students must successfully meet the foreign language requirement as prescribed in college policy and the college catalog.

ADDITIONAL REQUIREMENTS

1. Complete prescribed College Preparatory and EAP Program courses, if required, with a grade of "C" or higher. 2. Complete 25% of the prescribed college-level semester credit hours at Broward College. 3. Earn a cumulative grade point average of 2.0 or higher at BC including transfer credits in courses that comprise the A.A. degree. 4. Fulfill all financial and other obligations to the College.
