7. PROGRAM ELECTIVES (24 CREDITS)

UNDERSTANDING THE ELECTIVE COURSES (24 credits)
Electives may include any combination of college-level courses recommended/required for a discipline major and/or courses from the General Education offerings in Communications, Humanities, Mathematics, Natural Science, Social and Behavioral Sciences & General Education area 6. Excluded are college preparatory courses and courses designed especially for technical education curricula. When choosing electives, students should give careful attention to their major field of study and to the requirements of the institution to which they plan to transfer. Certain technical/occupational courses can be used to satisfy this area requirement. Consult with an academic advisor.

GRADUATION REQUIREMENT - WRITING REQUIREMENT (W) (12 credits)
In keeping with the Gordon Rule, all students must take ENC1101, ENC1102, and two additional writing credit courses (6 additional credits) to graduate with the AA. Students must achieve a grade of “C” or higher in the courses to satisfy the writing requirement. Students must be eligible for ENC1101 to enroll in designated writing credit courses. Some students who were enrolled in an accredited college or university prior to January 1, 1983, may be exempt from this requirement. Consult with an academic advisor.

GRADUATION REQUIREMENT - MATH COMPETENCY (6 credits)
To satisfy the mathematics competency for graduation, students will need to successfully complete six (6) credits of college-level math courses with a “C” or higher. This can be accomplished by satisfying either of these two options:
1. Successfully complete any two of the following area 5 math courses: MAC1105(a), STA2023, MGF1106, MGF1107, MAC1114(b), MAC1140(b), MAC2233, and MAC2311.
2. Students may complete MAC1105 in place of MAC1105C AND MAC1140. In this case, completion of a second math course at or above the level of MAC1105 would be necessary to satisfy graduation requirements for mathematics. Students with credit for MAC1147 may not receive credit for either MAC1140 or MAC1114.

GRADUATION REQUIREMENT - INTERNATIONAL/INTERCULTURAL (I) (1 course)
Of the 36 credit General Education requirements, three credits must be earned in an approved International/Intercultural course.
